

Three day trip to East Anglia.

During August 2018, 2 members decided to take in as many of the old WW11 USAAF and RAF bases that we could. Chris and Dave had planned a busy 3 days, but day one was held up due to poor viz and we had to miss out a few planned stops.

Gloomy weather over Norfolk

One for the album!

Old Warden and the Shuttleworth Collection

The highlights of the trip were East Kirkby and Old Warden, both places are a must to get there and take in the Air Museums. We were lucky to have BUVA photographed with "Just Jane", the Lancaster Bomber at East Kirkby as a backdrop, beat that!

Great fun to be able to do this with our fabulous Piper PA22 TriPacer.
